About the company

Luca Millani is a company based in Brazil, founded in June 1997 by artist Luca Millani. The company can be considered an art publisher, specializing in handmade decorative objects. The main objective of the company is to introduce the art and design for a wider audience through exclusive interior stores around the world, renowned museum shops, art galleries, architects and interior designers. Not only the company guarantees artistic creativity, but also sustainability and well-being using solvent-free and non-aggressive raw materials to the environment.

Para celebrar seus 25 anos, a empresa Luca Millani leva esta edição comemorativa para a Maison et Objeto, são peças de vidro excepcionais utilizando uma técnica de fabricação de assinatura artesanal. Os generosos tamanhos dos objetos criados por Luca Millani são um dos diferenciais. O grande diferencial é a utilização de metais preciosos e de matéria prima ecologicamente correta, o que resulta em uma alquimia de minerais com óxidos, e conseqüentemente, infinitas possibilidades de texturas e cores aplicadas ao vidro.

Design, elegância e inteligência. Três ideais que norteiam a Luca Millani na concepção dos objetos, na escolha dos materiais e na qualidade, utilizando vidro e ouro, ultrapassando o limite de simples objetos de decoração: a mais pura arte em design contemporâneo.

To celebrate its 25th anniversary, the company Luca Millani takes this commemorative edition to Maison et Object, are exceptional glass pieces utilizing a handcrafted signature manufacturing technique. The generous sizes of the objects created by Luca Millani are one of the differentials. The big difference is the use of precious metals and ecologically correct raw material, which results in an alchemy of minerals with oxides, and consequently, infinite possibilities of textures and colors applied to the glass.

Design, elegance and intelligence. Three ideals that guide Luca Millani in the design of objects, in the choice of materials and in quality, using glass and gold, going beyond the limit of simple decorative objects: the purest art in contemporary design.

Sobre o Designer

Há cerca de 25 anos, Luca Millani é pioneiro, no Brasil, dessa fusão de materiais no vidro, uma vida dedicada ao trabalho de pesquisa com o vidro. Através do olhar atento, o artista Luca Millani busca inspiração para o seu trabalho diário: a transformação do vidro em objetos de arte. De vários tamanhos, cores e design exclusivos, as peças criadas destacam-se na decoração de interiores, unindo beleza, sofisticação e bom gosto. O prazer da criação vem do fascínio e da beleza do vidro, um rico material de infinitas possibilidades. Por meio da policromia, o artista também dá vida a essa matéria-prima translúcida, límpida e luminosa.

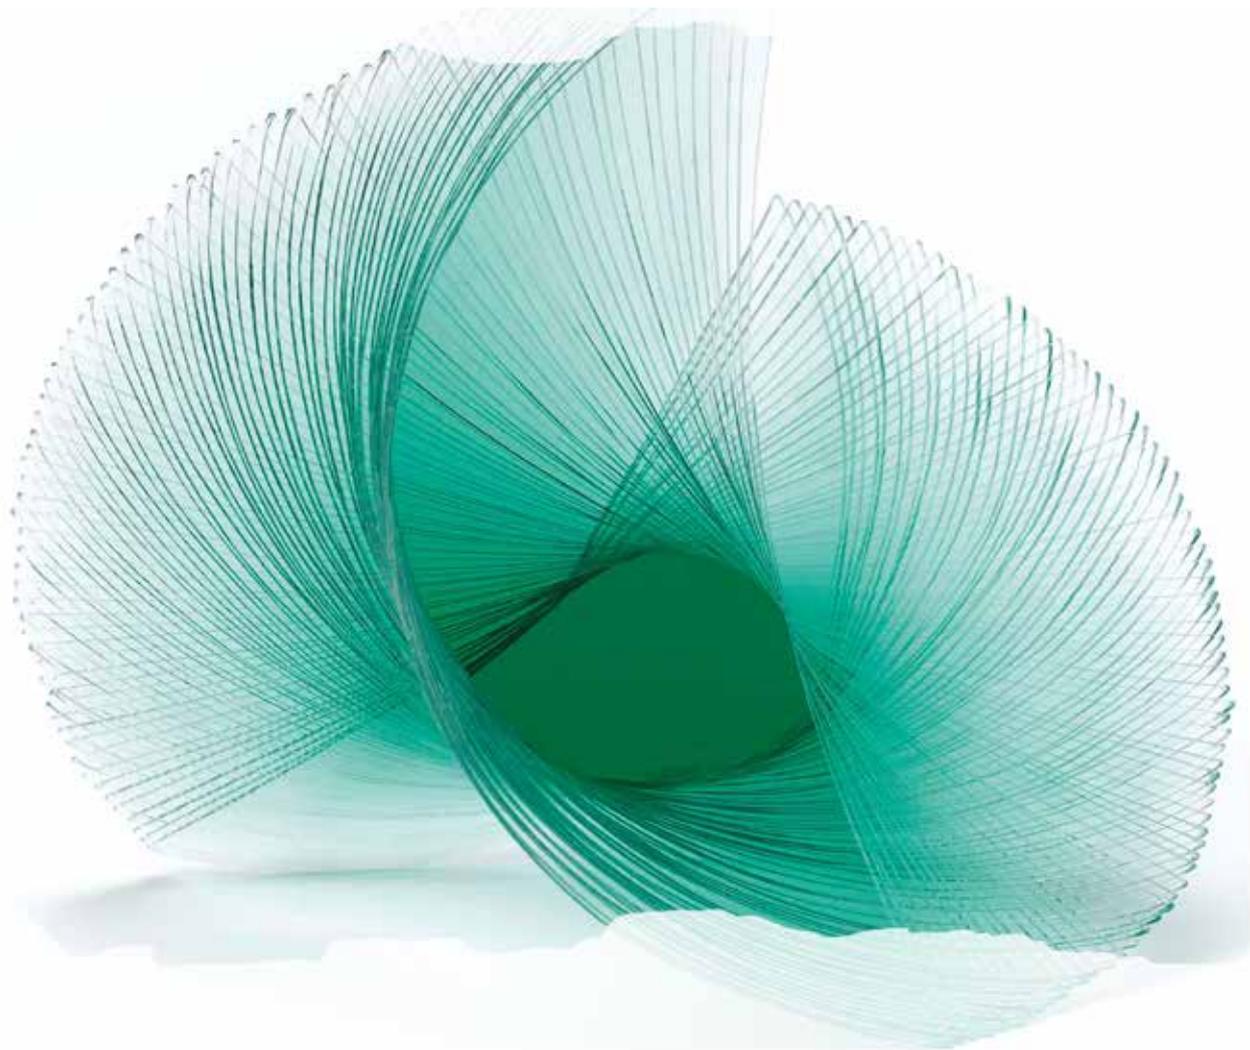

About designer

About 25 years ago, Luca Millani is a pioneer, in Brazil, of this merger of materials in glass, a life dedicated to research work with glass. Through a watchful eye, artist Luca Millani seeks inspiration for his daily work: the transformation of glass into art objects. Of various sizes, colors and exclusive design, the pieces created stand out in interior decoration, combining beauty, sophistication and good taste. The pleasure of creation comes from the fascination and beauty of glass, a rich material with infinite possibilities. Through polychromy, the artist also gives life to this translucent, limpid and luminous raw material.

Vidro

O vidro é algo surpreendente, muito longe de ser um simples material. Nas minhas peças transformo sonhos em realidade. Criações inspiradas em noites povoadas de sonhos, imagens que mutam numa infinidade de formas, efeitos e cores, um surpreendente poder de transformação e versatilidade. Estamos em constante movimento vivendo novas experiências, ouvindo os sons, apreciando os aromas e a beleza que nos rodeia, recriando e reinventando de maneira artística a forma com que vemos o mundo

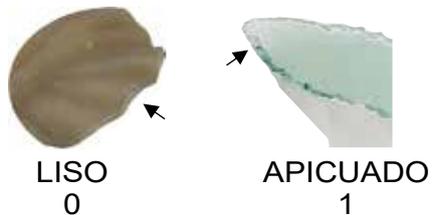

Glass

Glass is something surprising, far from being a simple material. In my pieces I turn dreams into reality. Creations inspired by nights filled with dreams, images that float in an infinity of shapes, effects and colors, a surprising power of transformation and versatility. We are constantly on the move living new experiences, listening to sounds, enjoying the aromas and beauty that surrounds us, recreating and artistically reinventing the way we see the world.
